lems of the property leads to dropping of the proceedings.

(iii) Various High Courts have held that the presumption that where the fair market value of the property exceeds the apparent consideration by more than 25 per cent of such apparent consideration, it shall be conclusive proof that the consideration as agreed to between the parties has not been truly stated is not available with the Competent Authority while initiating the proceedings for acquisition. These judgements have also caused difficulties.

Committee on bonus to the Central Government employees

2383. SHRI KAILASH PATI MISHRA: Will the Minister of FINANCE be pleased to state:

(a) whether the Bazle Karim Committee appointed by Government on bonus to the Central Government employees has submitted its report to Government;

(b) if so, what are the main recommendations of the Committee and when the Report was submitted to Government; and

(c) what action has been taken by Government on the recommendations made by the Committee?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI JANARDHAN POOJARI): (a) to (c) A 'Group of Officers' was set up under the Chairmanship of Shri Bazle Karim, the then Secretary (Coordination) to review the Productivity Linked Bonus Schemes introduced previously in Railways, Posts & Telegraphs, Defence Organisations; and to consider the demand of the staff side for extension of Productivity linked Bonus to the remaining Central Government employees who had not been covered under Productivity Linked Bonus Schemes. In its report submitted in May 1983, the 'Group of Officers' was critical of Productivity Linked Bonus Schemes introduced previousy and had suggested constitution of a single scheme for all the Central Government employees. They had also suggested various guidelines for working out of the formula namely 10—15 days wages as bonus for the base year subject to a maximum of 30 days wages as bonus. They had further suggested that formulae prepared for all the Ministries/Departments should be made effective after the National Council of J.C.M. had had an opportunity to consider them and found them balanced in approcah and content. No final decision has yet been taken on the recommendations of the report of the 'Group of Officers'.
